GRANT APPLICATION # G09-03-50- L01

District 36 Motorcycle Sports Committee [D36], a 55 year old Non-Profit organization, is pleased to SUPPORT the grant application submitted to the Off Highway Motorized Vehicle Recreation Division of California State Parks, and submits such support on behalf of the thousands of our members for FULL FUNDING of the Law Enforcement Grant submitted.

Upon review of this Grant Application, Section Law Enforcement – Items 1, 2, 3, 4 outlines clear answers that meet the criteria of this grant.

Section LE Certification – Page 1, with inclusion of 1, 2, 3, and Law Enforcement –Page 2, with inclusion of 5, 6 and Law Enforcement – Page 3, with inclusion of 7, and specifically 8 – (Agreements with Eldorado National Forest) and 9. Additionally Law Enforcement – Page 4, with inclusion of 11.

District 36 appreciates the Project Description outline within the Project Type, and the emphasis on Health & Safety with the much needed quicker response times indicated if an emergency situation should occur. As indicated, the areas of service are popular OHV areas for recreation. Traditional LE duties – registration, spark arrestors and other equipment law based requirements are also indicated within the project scope.

One thing not mentioned, is a bonus to Amador County and the public in general, is the distance from your office to the contact areas. This is a good thing for the community, as this puts another officer(s) on Scenic Highway 88 from Jackson as far east as Silver Lake. This extra presence of Law Enforcement should assist in speed laws being maintained on this highway, but also a closer base for quick response in event of needed assistance or accident along this corridor.

This will also put LE presence in the Pine Grove, Pioneer and areas known as Up-Country and the possible inclusion of assistance if needed in the popular Pi-Pi OHV area, even though located in El Dorado Country.

I do know that Amador Ranger District (USFS) Doug Barber – District Ranger is happy that Amador County has applied for this Grant. I would suggest interface with the El Dorado & Alpine County Sheriffs Department, along with the USFS to work together to have LE and Emergency Response coordination in process as a collaborative unit, benefitting the Off Highway Vehicle community that supplies this funding through its user fees and fuel tax allocation dollars.

For OHMVRD Staff, please support this grant as submitted. This area continues to see increased use of this area for OHV opportunity.

Respectfully submitted,

David Pickett
